What's new – Budget 2009 update

The government announced a number of superannuation proposals in the 2009 Budget.

This includes:

- > temporary reductions in the super co-contribution
- > reductions in concessional contribution caps
- > general recommendations from the Australia's Future Tax System Review Panel, including retaining Australia's retirement income system.

We will keep you updated on how these proposals may affect you – for more information visit www.pss.gov.au.

We're keeping you updated

One of the most important things we send you each year is your **annual member statement** - which gives you up to date information on your super.

We will send your **2008/09 annual member statement** in the mail – so we can get this to you on time we need your **correct** postal address.

If you haven't given us your current address, you can update your details by:

- > logging on to [member services online](#) (use your access number – if you don't have an access number just call us on 1300 000 377 and we will give you one over the phone)
- > emailing your postal address, name, membership/AGS number and date of birth to members@pss.gov.au.
- > calling us on 1300 000 377.

Annual report – online in 2009

We're always looking for ways to do things better, so this year, for the first time, we will make our 2008/09 **annual report** available online.

Not only will this be easier for you to read and access online but we're also helping the environment.

In your **annual member statement** pack you will still receive:

- > your member statement
- > your transaction summary
- > a guide to help you understand your member statement.

You will find the 2008/09 **annual report** online at www.pss.gov.au when you receive your member statement pack in the mail.

Of course, if you would still like us to send you a free, printed copy of this year's **annual report**, call us on 1300 000 377.
