Change my super contribution rate

Please read carefully before completing this form

Use this form if you are a PSS contributing member and want to change your contribution rate.

You can change your contribution rate:

- > at any time
- > to any whole percentage rate between 2% and 10%
- > to 0% and not contribute at all.

Remember:

- > The maximum benefit you can accrue is limited to what you would have accrued had you contributed at 5% for ten years of your contributory service and 10% for the rest of your contributory service, plus any excess employee component.
- > If you become entitled to invalidity retirement benefits, the accrual for any future service component takes your average percentage rate over the last three years into account.

For more information, see **The PSS super book** available at www.pss.gov.au or by calling us on 1300 000 377.

Fill in your details and new percentage rate and give it to your personnel section.
